35 mm

Light

Light movable shredder for tractors from 25 to 45 HP available in the manual or hydraulic version with widths available from 110 to 155 cm, suitable for orchards,

vineyards and hazelnut groves thanks to its bevelled side that allows it to work flush with the body, avoiding problems of friction or impact.

EUROCARDAN
ENERGY ON THE MOVE

Arbre prise de force
(Eurocardan) série 4-5

Rear hooks in hammer version

Fully boxed frame

Rear stabiliser roller bearings shielded and protected from contact with external agents (soil, grass, pruning waste)

Counterblade system in cutting chamber

Object launch protection blades

Transmission with V-belts and manual belt tensioner system

Rotor supports with high reliability bearings equipped with NILOS lubricant seals

High resistance self-centring pulley shrink discs

Helical shaft

ROTOR AND TOOL VERSIONS SL

The perfect operation of the shredder largely depends on the rotor, an essential component of a high-performance machine, as its rotation allows the tools to shred grass or pruning residues. The most important

characteristics of the rotor (excluding the width as bulk and weight) are undoubtedly the thickness of the steel used and the diameter.

HELICOIDAL SMOOTH HAMMERS

For grass, shrubs, lawn maintenance; vines, medium-sized pruning; pruning of woody residue from vineyards and olive groves.

HELICOIDAL KNIVES

For grass, shrubs, lawn maintenance; vine shoots, straw, stalks.

HELICOIDAL TOOTHED HAMMERS

For grass, vine shoots, medium-sized pruning.

ROTOR AND TOOL VERSIONS

HELICOIDAL KNIVES

For grass, shrubs, lawn maintenance; vine shoots, straw, stalks.

ACCESSORIES

Rubber swivelling wheel to replace roller

Ideal for stony soils and does not compact the ground like a roller.

Side skids

They allow the adjustment of the working height.

Hydraulic cylinder for shifting

It is used to move the flail mower sideways with a jack without getting off the tractor

Available only for SL Movable and SL-Q

*The experience that cultivates
the future of your land*

SICMA S.p.a. is an Italian company and a leader in
the professional agricultural machinery sector.
We design and create cutting-edge solutions for
you, the farmer of tomorrow. Innovation and
passion at your service.
